## IMPORTANT!

**Cholla District Network News.** The City of Glendale is updating the software system used to send this newsletter, the Cholla District Network News, and any other Glendale Bulletins you may receive. To continue receiving Glendale Bulletins, you must re-register by visiting the following website: <http://www.glendaleaz.com/bulletins/subscribe.cfm>. Just follow the simple instructions to create an account and choose the bulletins you would like to receive.

We are confident the upgrade will result in Glendale bulletins being much more user-friendly!

**Helpful Park Users Getting “Caught!”** Pick up litter in a Glendale park, get a free Sonic drink! Caring visitors in Glendale parks who are caught helping to keep the parks clean and safe are now being acknowledged through the “You Got Caught” program.

The program provides park users a small token of appreciation for doing something special in a Glendale park, such as cleaning up litter, picking up after animals, providing assistance to someone in need, calling in problems in the park or alerting staff of graffiti or other nuisances. Park staff noticing these individuals at Glendale’s parks will approach the helpful person and give them a “You Got Caught” card. Currently, the card features a free drink courtesy of Sonic Glendale locations.

To report concerns or issues in a Glendale park, please call 623-930-2691 or email [parkconcerns@glendaleaz.com](mailto:parkconcerns@glendaleaz.com).

**Restoration of Historic Site Preserves City’s Heritage.** Glendale’s Adobe House and service station will be renovated to look like it once did in its earlier days, providing lasting evidence of Glendale’s heritage and history.

The two buildings, located at Grand and Myrtle avenues, is part of a renovation project funded by a grant from the U.S. Department of Interior. The city has been restoring this area, known as the Myrtle Avenue Cultural Gateway Historic Entryway, since 2006. This most recent update involves exterior and interior restoration of both the service station and Adobe house, including roof repair and Adobe protection and fresh exterior paint. The project will be completed in June 2012.

The adobe house was built in 1936 by Ed and Bessie Morcomb who actually used earth from the site for the bricks. The corner was known for decades to thousands of local residents as the Morcomb family owned and operated the service station and later an auto and farm equipment repair shop until 2003.

Visitors and residents are welcome to visit the Myrtle Avenue Cultural Gateway, which has also become a popular stop on various historic preservation tours. For more information on this project and historical facts about Glendale, visit [www.glendaleaz.com/historicpreservation](http://www.glendaleaz.com/historicpreservation).

**Sex Offender Notification.** The Glendale Police Department is pleased to provide OffenderWatch® for the citizens of Glendale. OffenderWatch® is the nation's leading registered sex offender management and community notification tool with hundreds of leading agencies in dozens of states utilizing it. Glendale's law enforcement utilizes OffenderWatch® to manage and monitor the whereabouts, conduct and compliance status of the registered offenders in Glendale.

This information is available to everyone! A sex offender has recently moved into the Cholla district, so residents are encouraged to visit [www.glendaleaz.com/police](http://www.glendaleaz.com/police) and click on "Sex Offender Search" to find out more information and sign up for notifications.

**Keep Our Neighborhoods Clean!** Recent rains have left many residential and commercial property owners with the challenge and chore of getting rid of weeds and overgrown grass. Not only do overgrown weeds and grass pose a fire risk, but they can also result in code violations and cause blight in neighborhoods. The Glendale Code Compliance Department is encouraging residents to take steps now to control weeds and grass before they become a problem.

To help residents and business owners win the battle against weeds, Code Compliance officials are providing the following helpful hints:

- Keep grass and weeds cut and trimmed in your yard and adjacent right-of-way so they do not exceed six (6) inches in height
- Dig out already emerged weeds early before they get out of control
- Use herbicide (commercial grade or homemade non-toxic versions) on large weed areas, but be sure to keep it away from other vegetation
- Apply pre-emergent weed killers twice a year (fall and late winter before major rains is best)
- Stay on top of it! A little weeding twice a week will help you avoid a big job down the road
- Learn more lawn maintenance and care by checking out materials from the Glendale Public Library

Uncut weeds can attract insects such as mosquitoes, while dead and dry weeds can present potential fire hazards. Residents can help keep neighborhoods safe and clean by maintaining their properties and reporting overgrown weeds or grass in their neighborhoods. Potential violations and requests for additional information about City of Glendale property maintenance standards can be directed to [www.glendaleaz.com/codecompliance](http://www.glendaleaz.com/codecompliance) or 623-930-3610.
